# Bahir Dar City Map

Free Map for travellers

The Amhara region is the most historical part of Ethiopia hosting several natural and man-made attractions. The hewn rock churches of Lalibela, the monasteries of Lake Tana, the castles of Gondar, the Simien Mountains and the Blue Nile Falls are the most often visiting places of the region. Lake Tana, the largest lake of Ethiopia, attracts the visitors with its atmosphere of timeless wonder. Bahir Dar, the largest city on the lakeshore, will inspire you with wide palm-lined boulevards. In addition to beeing an attractive destination, it serves as the base to explore the region´s attractions.
